

## RECOMMEND WEBSITES AND APPS TO EXPLORE

	<p><a href="#">Church World Service</a> helps refugees resettle and rebuild their lives. We strive to meet them where they are, providing assistance and safeguarding the most vulnerable.</p>
	<p><a href="#">RCUSA</a> promotes efforts to protect and welcome refugees, asylees, asylum-seekers, and other forcibly displaced populations. RCUSA is a diverse coalition advocating for just and humane laws and policies, and the promotion of dialogue and communication among government, civil society, and those who need protection and welcome.</p>
	<p><a href="#">FindHello</a> is a mobile app and website that helps immigrants, asylum seekers and refugees find resources in their communities. Learn how to use FindHello to get help and services in the USA.</p>
	<p><a href="#">Settle In</a> is a helpful companion for refugees during their resettlement journey to the United States. With short videos and interactive lessons, you can learn about a wide range of pre- and post-arrival Cultural Orientation topics. Access valuable information on resettlement agency assistance, housing provisions, looking for a job, and more.</p>
	<p><a href="#">Refugees Deeply</a> is an independent journalism and community platform dedicated to greater clarity and more informed public engagement on refugees and migration around the world.</p>
	<p><a href="#">The Migration Policy Institute</a> is a non-partisan think tank established in 2001 by Kathleen Newland and Demetrios G. Papademetriou. They seek to improve immigration and integration policies through authoritative research and analysis, opportunities for learning and dialogue, and the development of new ideas to address complex policy questions.</p>

[The United Nations High Commissioner for Refugees](#) is a United Nations agency with the mandate to protect refugees, forcibly displaced communities and stateless people, and assist in their voluntary repatriation, local integration or resettlement to a third country.

[Google Translate](#) is a free multilingual statistical and neural machine translation service developed by Google, to translate text and websites from one language into another.

[Duolingo](#) is a language learning app. Over 30 languages available.
